## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-8 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 1 and 6 respectively, the limitation of "alkenyl group having 1-10 carbon atoms" is somewhat erroneous since an alkenyl group requires at least 2 carbon atoms. Furthermore, when the alkenyl group is a two-carbon-atom containing alkenyl group--vinyl group, the isoprene-based polymer represented by Formula (I) is unlikely to form according the disclosure of the specification due to crosslinking reaction of the vinyl groups. Clarification and appropriate correction are requested.

### ***Specification***

3. The disclosure is objected to because of the same informalities as shown above. Appropriate correction is required.

### ***Allowable Subject Matter***

4. Claims 1-8 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.
